Hawks

Highlights:

- ❖ International Business and Technology regional program that enriches and extends the traditional secondary school curriculum
- ❖ Regional Flexography program available to all Peel students. One of only two high schools in Canada to offer flexography.
- ❖ Hands-on, technical skills training in a number of fields including: auto service, business, construction, hairstyling and aesthetics, and hospitality and tourism

More about Gordon Graydon Memorial:

Established in 1956, Gordon Graydon Memorial Secondary School has had a long tradition of excellence. Gordon Graydon offers a full range of academic, business, technology and arts programs and a wide selection of extra curricular activities.

Bringing together students from across the region, Gordon Graydon presents a unique learning experience because of its many specialized programs. In addition to Flexography, International Business and Technology and the many vocational programs offered, Gordon Graydon is one of the sites for the secondary communications programs. These programs support students identified with learning disabilities or Autism Spectrum Disorder who require specialized learning and/or technological support.

Gordon Graydon's goal, in partnership with parents and the community, is to develop students' knowledge, skills and values in a safe environment. Staff also challenge students to become independent lifelong learners and caring contributors to society.

For more information about regional programs offered at Gordon Graydon, contact the school, or visit us online at www.gordongraydon.com.

Regular Course Selection

COURSES	Grade 9	Grade 10	Grade 11	Grade 12
