More about John Fraser:

John Fraser Secondary School was named after the former director of education who retired from the Peel board in 1988. Since it opened in 1990, the school has built a strong reputation for excellence in academics. The majority of students graduating from John Fraser go on to pursue post-secondary studies.

The school's main goal is to help students develop to their full potential as individuals and as members of society. Students are encouraged to strive for high levels of achievement and to become involved in curricular and extracurricular activities.

Students represent diverse ethnic, cultural and religious backgrounds. John Fraser offers students a safe learning environment where a mutual respect for all cultures is expected.
