- ❖ Four tennis courts, three playing fields, two double gyms and state-of-the-art fitness facility on site
- ❖ Northern site for regional Communication program

More about Mayfield:

Located on the Brampton-Caledon border, Mayfield Secondary School is a vibrant learning community. Since its inception in 1969, Mayfield has fostered an atmosphere of academic excellence and has encouraged student participation in all aspects of school life, embracing the school's motto, "To strive, to seek, to find."

In 1988, Mayfield became a regional school for the arts. Mayfield continues to provide high quality arts programming in addition to the regular school program. The school population is comprised of students from the Caledon community and Peel students who live north of Highway 401 who successfully audition to pursue a comprehensive arts program.

Mayfield is one of the sites for the secondary communications program – LD. This is a support program for students identified with learning disabilities and who require specialized learning and/or technological support.
